COMPANY PROFILE

GB is the second generation company that has experienced more than 20 years. With the hard work and the tenacious spirit, we always try to offer a satisfactory service to each customer by maintaining the best quality standards. Because for us the trust placed by each customer is an important capital which is the basic for all our resources and effort to continuously create and innovate through products that we produce.

As to the vision and mission of the GB is to help maintain and improve the quality of life for the better by providing high quality product and safe for use. Therefore we have developed product such as sanitary equipment, faucets, sink, locks, etc with good quality and safe for use both for house hold, for consumption or for Plication in public places.

GB not only maintain the best quality standards, but through creativity and innovation we have developed is also providing more value to each user through GB product design which is elegant, modern and minimalist. The last word in all humility, we would like to express my many thanks, hopefully in the future, we will continue to provide the best.

MODERN DESIGN.

Hi...
I'm
Brilli

Design by GB 

Design

Called as artwork, each part shows elegant living taste and shows unique design. Its is condensed to most simple structure and gives life an extreme lightness. the function is enough to be matched with energy improving ppearance.

Comfortable

Steady and vigorous quality makes the bathroom space magnificent and resplendent the superior collection. Has comfortable perfect design.

Fashionable

A fashionable atmosphere is configured with relaxed and concise lines. Faucet plays dynamic rhythm of life between high and low water flow.
